WHAT OUR CLIENTS & PARTICIPANTS ARE SAYING

– Cassandra Montis, Regional Office Coordinator

“She did her research on our company and asked questions to make sure she understood not only what we were seeking to gain from her presentation, but also our company's mission, vision and values. I am inspired every time I see her speak.”

– C. Arnold, Senior Project Manager and Women's Network Regional Chair

“Keyshala's energy was infectious even in a virtual setting. I was amazed at her ability to pick up and respond to each and every comment that was logged and acknowledge commenters by name in a virtual audience of over 40 people while staying on point and on schedule. ...The topic was perfect to help us remain focused and accountable while working remotely.”

– Alexandra Bryan, ESH&S Process Improvement Specialist

“Thank you, Keyshala. This was so well done. You did a wonderful job of explaining things and keeping us engaged.”
